

University Career Services

Partnership Program

What this program helps accomplish

Become a University Career Services Partner at any level to support our office and create more opportunities for collaboration.

Why we offer this program

Career Services as a field is changing. Now, the emphasis has shifted to forming personal connections and helping employers build relationships on campus. In 2013, we created a Partnership Program that allows our office to assist organizations who want to do more at Mason.

We can do more together

This program is an opportunity to demonstrate your commitment and financial support for University Career Services and our students. We rely on the support of our valued employers to help achieve the mission of Career Services in educating our students and preparing them for meaningful careers in a global society.

To speak with our Director, Saskia Clay-Rooks, call us at (703) 993-2370 and ask about our Partnership Program.

The "George Mason Bronze" statue on the Fairfax Campus commemorates the visionary George Mason, one of the Founding Fathers of the United States, and drafter of the Virginia Declaration of Rights. This Declaration of Rights became a model for the United States Bill of Rights. The statue is located on the Johnson Center North plaza.
