The Career Plans Survey was conducted among students who graduated from Mason in August and December 2017 and May 2018. The full survey was initially administered to all graduates online via email and additional data were collected via individual phone calls, reviews of online social media profiles (e.g., LinkedIn) and National Student Clearinghouse Data to determine career outcomes, yielding data from 5,791 of 8,671 graduates. Additional percentages reflect varying numbers of respondents per item. Percentages may not be 100% due to rounding.
